In Home care could be either medical ("skilled") or non-medical ("custodial") support services delivered at the home of the senior. "skilled" service providers who usually provide various medical care needs and "custodial" care providers who provide services for daily living such as bathing, dressing, and meal preparation but may also extend to assistance with transportation, paying bills, making appointments, and simply being there to provide companionship and emotional support. Home Care services are generally available 24 hours a day, seven days a week and are sometimes paid for directly by the client or through a variety of public and private funding sources such as Medicare and/or Medicaid.
