

Welcome to Alamos Special Education Preschool

A Message of Wonder, Hope, Joy, and Bubbles!

Welcome to Alamos Special Education Pre-school...Oh, The Wonders you will find here! I would imagine that whatever road has brought you to us, the journey has not been easy. As a parent of a special needs toddler, I am sure you have been disheartened by the words...developmentally delayed, disabled, not typical, and autistic. Although difficult, be encouraged. Your story has led you to us and the world of "special education". Imagine a team of specialists in the areas of Speech and Language, Occupational Therapy, Physical Therapy, and Academic, Social, and Behavioral development. Try to visualize a Multidisciplinary Team of professionals or "Dream Team" as I like to call them, of exceptional individuals dedicated specifically to addressing the unique needs of your child. Welcome to a place of WONDER and WHAT IF's...what if MY child and family could be supported? What if an Individualized Education Plan (IEP) is really individualized...just for MY child? Oh, the possibilities!

But the word that should transform our thinking even further as parents and educators, is HOPE. It is a delightful word. It makes me think of the phrase, Hope Floats. HOPE floats, kind of like bubbles...unnoticed as it gently touches one support provider after another, each making a difference in the life of your child.

HOPE brings JOY! Just imagine, your child in a preschool that relies on the support of a team dedicated to the amazing development of your child's greatest potential! It is my privilege to welcome you to this wonderful place...filled with WONDER, HOPE, JOY, and BUBBLES!

Jennifer Aynesworth, AES Principal
