- See the ad formats online for message length guidelines.

## PHOTOS

- Submit the exact number of photos to match your format. **(Your photos will be enlarged or reduced to fit the actual ad size.)** On the back of each photo, write the number of the position you wish it to occupy and the student's name (on occasion, we might need to adjust positioning per what would look and work best). **Watch for wet ink!**
- You may also submit 300 DPI .jpg photos on a CD or jump drive. The .jpg file name should be the student's name and photo position number.
- Please DO NOT use photos from websites or screen shots from camera phones (they are too low resolution), watermarked proofs, copyrighted photos, or copies of them.
- DO NOT fold or cut photos.
- We cannot fix blurry or heavily textured photos.
- We reserve the right to edit or remove material inappropriate for publication in a school yearbook such as but not limited to firearms, inappropriate hand gestures, drugs or drug references, alcohol, and nudity (even baby bottoms) without prior notification.

## CUSTOM LAYOUTS

- Can be submitted camera-ready OR digitally.
- "Camera-ready" means you must paste down all your photos and text exactly in place on the background you wish, or submit a photo-quality printout of the entire ad on glossy photo paper, made to be the EXACT size of the ad (see specs on order form). You do not need to trim the edges but we recommend that you do not put any wording or faces on the very edge.
- **Digital submissions must be .jpg files that are 300 DPI actual size. We cannot print from .pdf, .doc, .docx, .pub, .ppt and .psd files due to low resolution and/or font limitations so please DO NOT use Microsoft Word, PowerPoint, or any online photo sharing tool to create your dedication IF you plan to submit it digitally. You would have to submit those types of files as glossy photo printouts.**
- **Include your child's name on your artwork- we will not be adding it.**
- We cannot create custom ads for you.
