

Temecula Valley Unified School District  
LES Elementary School  
School Site Council (SSC)

**Minutes**

**Date:** 3/22/2023

**I. Call to order-** The meeting held on March 23, 2023 at LaVorgna Elementary was called to order at 7:46 a.m.

**A. In attendance:** Carrie Mizer, Abby Diaquila, Brittni Rowland, Darlene Dormanen, Tammy Iverson, Erin Nielsen, Chad Beinschroth, Kristin Beinschroth

**B. Approval of minutes-** The minutes from November 14, 2022 were approved (Darlene Dorman motioned, Tammy Iverson seconded, 8 in favor, 0 opposed)

**II. New Business: Agenda Items**

**A. District LCAP Input**

❖ **Goals, Actions, and Services Presentation-** Erin Nielsen presented the district LCAP slide deck. Abby Diaquila inquired about the difference between the math specialists for 6-12 and Erin Nielsen clarified that supplemental coaches at the elementary level provide support with intervention and coaching but do not have their own class while at the secondary level, math specialists have several intervention periods.

❖ **Survey Input-** There was only one suggestion for the survey under the parent communication where Abby Diaquila and Kristin Beinschroth suggested better infographics to explain complex subjects when district communication is sent out, such as the recent TK date changes (they stated that many of Murrieta's communications have clear infographics)

**B. Comprehensive Needs Assessment/Evaluation of the**

**Effectiveness of SPSA Actions/Services-** Erin Nielse presented the metrics/data for measuring progress on goals for the SPSA and evaluate the effectiveness of the actions and services. Tammy Iverson inquired about the CAASPP data, and Erin Nielsen explained that the baseline was for the CASSPP from 2018/2019, which was when the last

CAASPP was given to the students. Erin Nielsen explained that the 2021/2022 CAASPP was a different, shorter version than the last one taken, and for this reason, the data was a little different. Now that there is a new benchmark, it may make it easier to forecast progress on goals. The board was pleased that progress on iReady was made in all areas for student groups.

**C. Input for 2023-2024 Title I School Plan for Student**

**Achievement-** Kristen Beinschroth suggested to consider ways to avoid “capping” attendance at literacy nights (possibly partner with charitable organizations to support), and suggested increasing the number of attendees to literacy and STREAM events. Abby Diaquila suggested being more clear about consistency in sending the flyer/communication for literac events so all families are notified in a timely manner.

**D. 2022-2023 SPSA Addendum -** Erin Nielsen explained that they are still looking at flexible furniture options for the STEAM room and had a consultant come to gather information to provide possible resources. Teachers are obtaining stem and math manipulatives through the additional Title 1 funding made available to them.

**II. Input/ Feedback**

**A. ELAC-** at the ELAC meeting held on 2/14/23, the parents feel that what is being provided through LCAP is good and they want all the resources to stay like they are. The parents want there to be more outreach for parent involvement

**B. Other Committees-** none reported

**III. General**

**A. Public Comment-** no public comments

**IV. Closing- The next School Site Council Meeting will be held on MAY 22ND.** The meeting was closed by Erin Nielsen at 8:50 a.m.
