- Homework Planner provided by GMS

CANVAS

Lessons, classwork, & homework are all posted on Canvas!

LATE WORK

- Work is expected by the due date. If an assignment is turned in late, 5% will be taken off the earned grade for each day late (no more than 50% will be taken off)
- For each day absent, students have one day to turn in work without penalty. For example: if a student is absent one day, the work due the day of the absence is due the day he/she returns and the work assigned the day of the absence is due the next day after they return. For two days absent, the student must turn in work due the first day of the absence, then have two days to complete the work assigned during the absence.

- Missing assignments will be entered into the grade book as an M= zero points.
