VRMS Retake Policy:

- ❖ All retake activities, including the actual retake of the assessment, must take place within two weeks after the original graded attempt was returned to student.
- ❖ When a retake is done the highest grade between the retake and original is kept.
- ❖ In order to be eligible for a retake students must have successfully completed all homework and classwork before the test is given.
- ❖ In order for students to be eligible for a retake they must attend at least one PRIDE intervention class between the original and retake attempt.
- ❖ Failure to show for intervention or to do all classwork and homework will prevent the student from the retake opportunity.
- ❖ Notations will be made in grade book regarding original test score or retake test score or why they couldn't do a retake (ex: failed to show for intervention, or failed to do the retest).
- ❖ Eligible students may retake any/all graded assignments and assessments except semester finals. (Quizzes are formative assessments, used to monitor learning and not counted in the final grade, therefore, there will not be quiz retake opportunities.)
